RE: WATER SYSTEM PLAN LOCAL GOVERNMENT CONSISTENCY REVIEW

Dear Ms. Spencer and Mr. Rimack:

The City of Bremerton Water Utility is in the process of updating its Water System Plan. Water systems are required to obtain "consistency statements" from the local governments in their service area. Although most of the Bremerton water service area is within city limits, approximately 20% of our customers are in unincorporated Kitsap County.

Local governments are allowed up to 60 days to complete the review. Please fill out and sign the enclosed consistency statement and **return to me before December 18, 2020**. To assist you in your review, I've enclosed with this letter pertinent draft chapters of Bremerton's Water System Plan, the Kitsap County Coordinated Water System Plan Service Area Map, and sections of the Bremerton Municipal Code pertaining to water service.

If you need additional information, please call me at 360-509-0746 or Fern Schultz, Department of Health Regional Planner, at 360-236-3031.

Your assistance in this matter is very much appreciated.

Sincerely,

Cami Apfelbeck
Water Utility Manager
