VICINITY MAP

1. Background

The applicant proposes to build an 886 square foot detached Accessory Dwelling Unit (ADU) on a 2.17-acre parcel in the Rural Residential zone. The proposed ADU will be 77 feet from the primary residence. Per Kitsap County Code (KCC) section 17.415.015 B.3.b, a detached ADU proposed outside of an Urban Growth Area (UGA) boundary requires a Conditional Use Permit (CUP). The project site is located outside of a UGA; therefore, a CUP approval is required.

2. Project Request

The applicant seeks approval for a Conditional Use Permit (CUP) to allow the construction of a detached ADU.

3. SEPA (State Environmental Policy Act)

The State Environmental Policy Act (SEPA), found in Chapter 43.21C RCW (Revised Code of Washington), is a state law that requires the County to conduct an environmental impact review of any action that might have a significant, adverse impact on the environment. The review includes the completion of an Environmental Checklist by the applicant and a review of that checklist by the County. If it is determined that there will be environmental impacts, conditions are imposed upon the applicant to mitigate those impacts below the threshold of “major” environmental impacts. If the impacts cannot be mitigated, an environmental impact statement (EIS) must be prepared. The decision following environmental review, which may result in a Determination of Nonsignificance (DNS), Mitigated DNS, or the necessity for an EIS is called a threshold determination. A separate notice of the threshold determination is given by the County. If it is not appealed, it becomes part of the hearing record as it was issued, since it cannot be changed by the Hearing Examiner.

Pursuant to WAC 197-11-355, the optional DNS process was utilized for this project. The SEPA Comment period previously occurred concurrent with the Notice of Application dated 01/06/2026. A Determination of Nonsignificance (DNS) was issued on 2/11/26.

The SEPA appeal period expired 2/25/2026. No appeals were filed; therefore, the SEPA determination is final.

4. Physical Characteristics

The parcel is a rectangular shape that is sparsely vegetated with trees and shrubs.

5. Access

The site is accessed from the south via Jacobs Ln SE, a county-maintained road.

6. Site Design

The parcel is mostly open, with areas of grass and dirt, and a perimeter of trees. Minimal clearing and landscaping are proposed. The existing primary dwelling unit is located in the center of the parcel. There is a 168 square foot shed in approximately the northwest corner of the parcel.

7. Policies and Regulations Applicable to the Subject Proposal

The Growth Management Act of the State of Washington, RCW 36.70A, requires that the County adopt a Comprehensive Plan, and then implement that plan by adopting development regulations. The development regulations must be consistent with the

Comprehensive Plan. The Comprehensive Plan process includes public involvement as required by law, so that those who are impacted by development regulations have an opportunity to help shape the Comprehensive Plan which is then used to prepare development regulations.

Kitsap County Comprehensive Plan, adopted April 1, 2025.

The following Comprehensive Plan goals and policies are most relevant to this application:

Land Use Policy 15.4. Maintain consistency with Countywide Planning Policies regarding growth targeting.

Land Use Policy 17.1. Permit residential uses in rural areas in a variety of rural lot sizes consistent with the rural character of the surrounding area.

Land Use Policy 17.4. Accommodate appropriate rural uses not characterized by urban growth.

Housing Policy 6.1. Promote fair housing to ensure that all residents of Kitsap County have an equal and fair opportunity to obtain safe and healthy housing suitable to their needs and financial resources, regardless of race, religion, gender, sexual orientation, age, national origin, family status, income, disability, or other protected class.

Housing Policy 6.3. Encourage affordable housing opportunities to be distributed throughout the County, prioritizing opportunities in historically marginalized communities and areas with a concentration of households making less than 80 percent of the Area Median Income.

The County's development regulations are contained within the Kitsap County Code. The following development regulations are most relevant to this application:
