

# Department of Community Development

Boundary Line Adjustment Code  
Planning Commission Findings of Fact

**Garrett Ballew, Long Range Planner**

April 7, 2026

**KitsapCounty**

# Findings of Fact

- The purpose of this meeting is to adopt findings of fact from the 3/17/26 deliberations meeting.
- The final motion to approve the BLA code resulted in a tie vote (4-4), and the motion did not pass.
- The Findings of Fact (FoF) reflect this.

# Planning Commission Recommendations

- Because the final motion did not pass, the Planning Commission recommendations are not required to be incorporated in the FoF.
- However, most of the Planning Commission amendments are included in DCD's recommendation to the BoCC.

# LSAW and KCAR Meeting Highlights

DCD held recent meetings with the South Puget Sound Chapter of the Land Surveyors Association of Washington (LSAW) and the Kitsap County Association of Realtors (KCAR):

- LSAW meeting 3/26
- KCAR meeting 4/1

# Next Steps

- BoCC Public Hearing 6/8 at 5:30pm.
- Draft Ordinance and comment form to be posted on the project webpage along with a comment form.
- Comments will be accepted through 6/9 or as BoCC directs.
- BoCC deliberations to occur June-July.
- Tentative adoption (if approved) in late July.
