 - D. Any failure to comply with reporting provisions of the policies will not affect the coverage provided to the County, its officers, officials, employees or agents.
 - E. The Contractor's insurance will apply separately to each insured against whom claim is made or suit is brought subject to the limits of the insurer's liability.
 - F. The Contractor will include all subcontractors as insureds under its policies or will furnish separate certificates and endorsements for each subcontractor. All coverage for subcontractors will be subject to all of the requirements stated in these provisions.
 - G. The insurance limits mandated for any insurance coverage required by the Contract are not intended to be an indication of exposure, nor are they limitations on indemnification.
-

Certificates, policies and endorsements scheduled to expire before completion of services will be renewed before expiration. If the Contractor's liability coverage is written as claims-made-policy, then the Contractor must evidence the purchase of an extended-reporting period or "tail" coverage for a three-year period after completion of the services.

7.6 Verification of Coverage and Acceptability of Insurers.

- A. The Contractor will place insurance with insurers licensed to do business in the State of Washington and having A.M. - B. The Contractor will furnish the County with properly executed certificates of insurance or a signed policy endorsement which will clearly evidence all insurance required in this Section before work under this Contract shall commence. The certificate shall, at a minimum, list limits of liability and coverage. The certificate will provide that the underlying insurance contract may not be canceled, or allowed to expire, except on 30-days' prior written notice to the County. Any certificate or endorsement limiting or negating the insurer's obligation to notify the County of cancellation or changes must be amended so as not to negate the intent of this provision.
- C. The Contractor will furnish the County with evidence that the additional-insured provision required above has been met. Acceptable forms of evidence are the endorsement pages of the policy showing the County as an additional insured or a letter of self-insurance from a public entity risk pool which waives the requirement.
- D. Certificates of insurance will show the certificate holder as Kitsap County and indicate "care of" the appropriate County office or department. The address of the certificate holder will be shown as the current address of the appropriate County office or department.
- E. The Contractor will request that the Washington State Department of Labor and Industries, Workers Compensation Representative, send verification to the County that the Contractor is currently paying workers' compensation.
- F. Evidence of such insurance, as required above, shall be provided to the County at the following address:

Hannah Shockley, Human Services Planner
Program, Kitsap County Department of Human Services

614 Division Street, MS-23
Port Orchard, WA 98366

In that event, the County will pay the Contractor for all costs incurred by the Contractor in performing the Contract up to the date of such notice, subject to the other provisions of the Contract.

Termination under this provision will be effective upon the date specified in the written notice of termination sent by the County to the Contractor. No costs incurred after the effective date of termination will be paid.
- 8.3 If the Contractor breaches any of its obligations under the Contract, and fails to cure the breach within 10 days of written notice to do so by the County, the County may terminate the Contract. In that event, the County will pay the Contractor only for the costs of services accepted by the County. Upon such termination, the County, at its discretion, may obtain performance of the work elsewhere, and the Contractor will bear all costs and expenses incurred by the County in completing the work and all damages sustained by the County by reason of the Contractor's breach.

SECTION 9. ASSIGNMENT, DELEGATION AND SUBCONTRACTING

ATTACHMENT B: STATEMENT OF WORK

Kitsap Public Health District

Background

In 2005, Washington State approved legislation allowing counties to raise their local sales tax by one-tenth of one percent to augment state funding of mental health and chemical dependency programs and services. In September 2013, the Kitsap County Board of Commissioners passed a resolution authorizing a sales and use tax for Mental Health, Chemical Dependency and Therapeutic Court Programs. The goal of this tax is to prevent and reduce the impacts of disabling chemical dependency and mental illness by creating and investing in effective, data-driven programs for a continuum of recovery-oriented systems of care.

Project Description

This project will provide behavioral health services within the Prevention, Early Intervention level of the continuum of care and addresses the following strategic goals:

- Improve the health status and wellbeing of Kitsap County residents.
- Reduce the incidence and severity of chemical dependency and/or mental health disorders in adults and youth.

This three-tier project has the goal of preventing mental illness, behavioral problems, and future addiction in young children by intervening with families who either have, or are at risk for, substance abuse and/or mental health problems. There are three components to this project:

1. Providing evidence-based Nurse Family Partnership (NFP) services to at least 10 low-income, high-risk first-time mothers and their babies (note total number of clients served by NFP annually is 50-60).
2. Improving access to services by utilizing a community health worker (CHW) for outreach and community infrastructure support.

The Kitsap Public Health District will provide the following to improve access to services:

- Staff a bilingual (English-Spanish) Community Health Worker (CHW) who will work with the Parent Child Health (PCH) and Nurse Family Partnership team of registered nurses. The CHW will be a frontline public health worker who is a trusted member of and/or has an unusually close understanding of the community served.
- The CHW will serve as a liaison/link/intermediary between health/social services and the community to facilitate access to services and improve the quality and cultural competence of service delivery.
- Prenatal and postpartum assessments which include depression and Adverse Childhood Experiences (ACEs) screening.
- Health and parenting education.
- Referrals to community resources and case management.
- Expand outreach efforts to enroll more eligible women.
- Case management activities that can be done by a community health worker (CHW).

The Kitsap Public Health District will continue behavioral health support to mothers during the perinatal/postpartum period through a group peer model during an especially vulnerable time and offer referrals to additional services as needed. They will fund additional staff time (0.1FTE postpartum support group nurse facilitator, 0.1FTE CHW), and expenses (incentives/food) to continue Postpartum Support Groups with exercise, mindfulness, and connection to peers.

Project Design

The Improving Health and Resiliency of High-Risk Mothers and Their Children project (hereafter referred to as “Improving Health project”) includes providing an evidence-based nurse home visiting service to families and strengthening prevention and early intervention infrastructure in Kitsap County. With the use of a best practice evidenced based program and a collective impact approach, this project will improve the health status and wellbeing of Kitsap residents.

The project has three components: 1. providing evidence-based Nurse Family Partnership (NFP) services to at least 12 low-income, high-risk first-time mothers and their babies (note total number of clients served by NFP annually is (50-60). 2. improving access to services by utilizing a community health worker (CHW) for outreach and community infrastructure support. 3. Providing a Postpartum Support Group with exercise, mindfulness, and connection to peers.

The NFP program is a parental and infancy home visitation service that aims to improve the health, well-being, and self-sufficiency of first time parents and their children. Program activities are designed to link families to needed services, promote good decision making, assist families in making healthy choices, and help women build supportive relationships with families and friends. NFP nurses assess for signs and symptoms of Substance Use Disorders (SUDs), mental illness, and Adverse Childhood Experiences (ACEs) with every client. The nurses provide education to promote health and, because of their trusting relationships with their clients, they are often able to support a parent’s readiness to seek needed treatment services.

The CHW is an established liaison between health/social services and the community and has facilitated access to services with culturally appropriate strategies. The CHW for this project is bilingual in English and Spanish and has been able to provide targeted outreach to Kitsap’s Spanish speaking population. In this proposal the CHW will continue to outreach to our Spanish speaking population and will identify other hard to reach populations with the plan to develop culturally appropriate strategies for engagement. In addition to outreach, the CHW has been integral in the development of new relationships with community partners. These partners all contribute to our prevention and early intervention infrastructure in Kitsap. The CHW will work collaboratively with our new Care Coordinator, who will develop a centralized referral system for early childhood intervention programs to increase access and services for pregnant and childbearing age women that need mental health and substance abuse treatment. Families are often confused about what services they can access, and providers also have challenges keeping up to date on program requirements for appropriate referrals. Creating a centralized process intends to reduce community confusion and increase the likelihood that residents can obtain the appropriate needed services in a timely manner.

Project Outcomes and Measurements

Kitsap Public Health District will participate in the Evaluation Plan for Treatment Sales Tax Programs. Programs or services implemented under the Treatment Sales

Tax are reviewed by the Community Advisory Committee and monitored by the Human Services Department. Kitsap Public Health District will have an evaluation plan with performance measures. The emphasis will be on capturing data at regular intervals that can be used to determine whether Treatment Sales Tax funded programs met expectations. Some common measures will be identified that will be reported on. Evaluation efforts must include standardized data collection and reporting processes that produce the following types of information:

- Quantity of services (outputs)
- Level of change occurring among participants (outcomes)
- Return-on-investment or cost-benefit (system savings) if evidence-based
- Adherence to the model (fidelity)
- Common measures (to be identified by the Community Advisory Committee and Kitsap County Human Service staff that all programs must report on).

Data will be collected to monitor the following goals and objectives identified by the Contractor:

Goal #1: Prevent mental illness, behavioral problems, and future addiction in young children by intervening with families who have or are at risk for substance abuse and/or mental health problems.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).
