SECTION 5. INDEMNIFICATION

- 5.1. To the fullest extent permitted by law, the Contractor shall indemnify, defend, and hold harmless Kitsap County and its elected and appointed officials, officers, employees, and agents (collectively "Indemnitees") from and against all Claims resulting from or arising out of the performance of the Contract, whether such Claims arise from the acts, errors, or omissions of the Contractor, its Personnel, third parties, or Kitsap County, or anyone directly or indirectly employed by any of them or anyone for whose acts, errors, or omissions any of them may be liable. It is the specific intent of the parties that the Indemnitees shall, in all instances, except Claims arising from the sole negligence or willful misconduct of the Indemnitees, be indemnified by the Contractor from and against any and all Claims.
- 5.2. With regard to any Claim against any Indemnitee by any of the Contractor's Personnel, or anyone directly or indirectly employed by them, or anyone for whose acts they may be liable, the Contractor's indemnification obligation shall not be limited in any way by a limitation on the amount or type of damages, compensation, or benefits payable by or for the Contractor or Contractor's Personnel under workers compensation acts, disability benefit acts, or other employee benefit acts. Solely for the purposes of this indemnification provision, the Contractor expressly waives its immunity under Title 51 RCW (Industrial Insurance) and acknowledges this waiver was mutually negotiated by the parties.
- 5.3. Architectural, Landscape Architectural, Engineering, or Land Surveying Services. Should a court of competent jurisdiction determine the Contract is subject to RCW 4.24.115, then, in the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of the Contractor and the County, its officers, officials, employees, and agents, the Contractor's liability hereunder, including the duty and cost to defend, will be only to the extent of the Contractor's negligence.
- 5.4. Claim. "Claim" means all losses, claims, suits, actions, liabilities, damages, demands, judgments, settlements, expenses, fines, or other liabilities of any kind or nature whatsoever, including without limitation, all costs including costs of Claim processing, investigation, reasonable attorneys' fees, and damages, for any personal or bodily injury, sickness, disease, disability, or death, or loss or damage to tangible or intangible business or property, including the loss of use. Claim includes any infringement of copyright, patent, trademark, or other proprietary rights of any third parties arising out of Contract performance or use by the County of materials furnished or work performed under the Contract.
- 5.5. Obligations/Notice of Claim. The County will provide the Contractor notice of the assertion of liability by a third party that may give rise to a Claim by County against the Contractor based on the indemnity contained herein. The Contractor shall respond to the County's tender of defense of a claim in writing within fourteen (14) calendar days from the notice date, and will advise the County if the Contractor accepts or denies tender of the claim. The County may in its discretion withhold all or part of any payment due the Contractor under the Contract until the Contractor responds to such notice. The Contractor shall keep the County timely and fully informed through all stages of the defense and promptly respond to and comply with County's requests for information. The County at all times reserves the right, but has no obligation to participate in the defense and settlement of any Claim. Such participation shall not constitute a waiver of the Contractor's indemnity and defense obligations under the Contract. The Contractor shall not settle or compromise any

Claim in any manner that imposes any obligations upon the County without the prior written consent of the County. The Contractor shall promptly advise the County of any occurrence or information known to the Contractor that could reasonably result in a Claim against the County. The violation of any provisions of this Section, including improper refusal to accept tender, is a material breach.

SECTION 6. INSURANCE

- 6.1. Minimum Insurance Required. The Contractor and its subcontractors, if any, shall procure and maintain, until all of the Contract obligations have been fully discharged, including any warranty period, all insurance required in this Section with an insurance company duly licensed in Washington State with an A.M. Best Company ratings of not less than A-VIII and a category rating of not less than "8", with policies and forms satisfactory to the County. Use of alternative insurers requires prior written approval from the County. Coverage limits shall be at minimum the limits identified in this Section, or the limits available under the policies maintained by the Contractor without regard to the Contract, whichever is greater.
- 6.2. Professional Liability. Not less than \$1,000,000 per claim and \$2,000,000 annual aggregate. Coverage will apply to liability for professional error, act or omission arising out of or in connection with the Contractor's Services under the Contract. The coverage shall not exclude bodily injury, property damage or hazards related to the work rendered as part of the Contract or within the scope of the Contractor's services under the Contract, including testing, monitoring, measuring operations or laboratory analysis where such Services are rendered under the Contract.
- 6.3. Commercial General Liability ("CGL"). Not less than \$1,000,000 per occurrence and \$2,000,000 annual aggregate. Coverage shall include personal injury, bodily injury, and property damage for premise-operations liability, products/completed operations, personal/advertising injury, contractual liability, independent contractor liability, and stop gap/employer's liability. Coverage shall not exclude or contain sub-limits less than the minimum limits required herein, without the prior written approval of the County. The certificate of insurance for the CGL policy shall expressly cover the indemnification obligations required by the Contract.
- 6.4. Automobile Liability.
- Contractor shall maintain personal automobile insurance on all vehicles used for Contract purposes as required by law.
 - Not less than \$100,000 per occurrence and \$300,000 annual aggregate. If a personal automobile liability policy is used to meet this requirement, it must include a business rider and cover each vehicle to be used in the performance of the Contract. If Contractor will use non-owned vehicles in performance of the Contract, the coverage shall include owned, hired, and non-owned automobiles.
 - Not less than \$1,000,000 per occurrence and \$2,000,000 annual aggregate. Coverage shall include liability for any and all owned, hired, and non-owned vehicles. Coverage may be satisfied with an endorsement to the CGL policy.

- 6.5. Umbrella or Excess Liability. The Contactor may satisfy the minimum liability limits required for the CGL and Automobile Liability under an Umbrella or Excess Liability policy. There is no minimum per occurrence limit of liability under the Umbrella or Excess Liability; however, the annual aggregate limit shall not be less than the highest "Each Occurrence" limit for either CGL or Automobile Liability. The Contractor agrees to an endorsement naming the County as an additional insured as provided in this Section, unless the Umbrella or Excess Liability provides coverage on a "Follow-Form" basis.
- 6.6. Workers' Compensation and Employer Liability. If applicable, the Contractor shall maintain workers' compensation insurance as required under the Title 51 RCW (Industrial Insurance), for all Contractor's Personnel eligible for such coverage. If the Contract is for over \$50,000, then the Contractor shall also maintain employer liability coverage with a limit of not less than \$1,000,000.
- 6.7. Primary, Non-Contributory Insurance/Subcontractors. The Contractor's and its subcontractors' insurance policies and additional named insured endorsements will provide primary insurance coverage and be non-contributory. Any insurance or self-insurance programs maintained or participated in by the County will be excess and not contributory to such insurance policies. All Contractor's and its subcontractors' liability insurance policies must be endorsed to show as primary coverage. The Contractor shall include all subcontractors as insureds under its policies or shall furnish separate certificates and endorsements for each subcontractor. All subcontractors shall comply with all insurance and indemnification requirements herein.
- 6.8. Review of Policy Provisions. Upon request, the Contractor shall provide a full and complete copy of all requested insurance policies to the County. The County reserves the right without limitation, but has no obligation to revise any insurance requirement, or to reject any insurance policies that fail to meet the requirements of the Contract. The County also has the right, but no obligation to review and reject any proposed insurer providing coverage based upon the insurer's financial condition or licensing status in Washington. The County has the right to request and review the self-insurance retention limits and deductibles, and the Contractor's most recent annual financial reports and audited financial statements, as conditions of approval. Failure to demand evidence of full compliance with the insurance requirements or failure to identify any insurance deficiency shall not relieve the Contractor from, nor be construed or deemed a waiver, of its obligation to maintain all the required insurance at all times as required herein.
- 6.9. Waiver of Subrogation. In consideration of the Contract award, the Contractor agrees to waive all rights of subrogation against the County, its elected and appointed officials, officers, employees, and agents. This waiver does not apply to any policy that includes a condition that expressly prohibits waiver of subrogation by the insured or that voids coverage should the Contractor enter into a waiver of subrogation on a pre-loss basis.
- 6.10. Additional Insured, Endorsement and Certificate of Insurance. All required insurance coverage, other than the workers' compensation and professional liability, shall name the County, its elected and appointed officials, officers, employees, and agents, as additional insureds and be properly endorsed for the full available limits of coverage maintained by Contractor and its subcontractors. Endorsement is not required if the Contractor is a self-insured government entity, or insured through a government risk pool authorized by Washington State.

The Certificate of Insurance and endorsement shall identify the Contract number and shall require not less than thirty (30) days' prior notice of termination, cancellation, nonrenewal or reduction in coverage. At the time of execution, the Contractor shall provide the Certificate of Insurance, endorsement, and all insurance notices to: Risk Management Division, Kitsap County Department of Administrative Services, 614 Division Street, MS-7, Port Orchard, Washington 98366.

- 6.11. General. The coverage limits identified herein are minimum requirements only and will not in any manner limit or qualify the liabilities or obligations of the Contractor under the Contract. All insurance policy deductibles and self-insured retentions for policies maintained under the Contract shall be paid by the Contractor. Any failure to comply with reporting provisions of the policies shall not affect coverage provided to the County, its elected and appointed officials, officers, employees, or agents. The Contractor's insurance shall apply separately to each insured against whom a claim is made or suit is brought, subject to the limits of the insurer's liability.
- 6.12. Claims-Made. If the Contractor's liability coverage is written as a claims-made policy, the Contractor shall purchase an extended-reporting period or "tail" coverage for a minimum of three (3) years following completion of the performance or attempted performance of the provisions of this Contract.

(2) Individuals with developmental disabilities without guardians who are unable to communicate their wishes regarding protection and advocacy services when DRW has received a complaint of abuse and/or neglect about the individual with a disability, or DRW determines that there is probable cause to believe that the individual with a developmental disability has been abused or neglected.

(3) Individuals with developmental disabilities who have a guardian or legal representative where the guardian or legal representative has consented to the representation in writing.

(4) Individuals with developmental disabilities whose guardian or legal representative fails or refuses to act on behalf of the individual with a developmental disability, despite being contacted by DRW, after a court has determined that the guardian has failed or refuses to act.

(5) A DRW client does not include those instances where DRW represents the guardian. DRW shall notify the DDA Regional Administrator or designee in writing that it represents the individual with developmental disabilities and forward a copy of that notice to either the guardian or the individual with developmental disabilities.

Q. DRW Employees: includes paid employees and volunteer employees as identified by DRW. Each employee shall carry DRW identification.

III. Access to Programs.

A. DDA will not obstruct DRW access to programs when consistent with the law and will ensure that SOLA and other programs staffed by DDA employees will comply with this agreement. For programs which contract with DDA to provide services, DDA will not obstruct DRW access to programs when consistent with the law, but DRW will assume, primary responsibility for enforcing its access rights. DRW will attempt to resolve access issues at the lowest level possible. In cases where there is danger of imminent or continuing harm to an individual with developmental disabilities, DRW will report the occurrence to DDA, consistent with the Washington State Bar Association Rules of Professional Responsibility and other applicable state law. In those cases and where there is a pattern of failure to provide access for DRW to a program or DDA consumers, DRW will report this failure to DDA, and DDA will respond by investigating the allegation of failure to provide access and will take appropriate actions.

B. DRW staff will identify themselves to any staff present when they arrive at a program by showing a DRW photo identification badge. DRW shall provide the DDA -director with a list of employee and their pictures by July 1, 1997, and DRW shall update this list as necessary.

C. DRW shall have access to SOLAs and other programs staffed by DDA employees as specified in this section. This agreement does not affect the right of an individual with a developmental disability served by such a program who owns or rents his or her own home to deny DRW access to programs or the residences of individuals who are served by programs.

D. DRW staff shall have access to all programs when DRW has received a complaint or has probable cause to believe than an incident of abuse, neglect, or other rights violation has occurred;

E. DRW staff shall have access to all living areas of SOLAs and other programs staffed by DDA employees during regular business hours for the purpose of providing information on legal rights and self advocacy to the

individuals with disabilities who participate in, the program. During the course of such access DRW staff shall be allowed to engage in informal discussions with the individuals with disabilities, out of the presence of DDA employees or others; in an area that affords privacy.

F. DRW staff may visit any location where residents are served by DDA employees, where the purpose is observation or monitoring compliance with respect to the rights and safety of service recipients (CFR 1386.22(g)(2)). Such observation and monitoring activities need not be limited to clients of DRW, and DRW staff shall not be required to schedule or give prior notice of such visits to DDA employees, provided that DRW has the permission of a DDA consumer. DRW staff shall be permitted to monitor the program without an accompanying DDA employee. DRW staff shall conduct all monitoring activities in a manner which is respectful of the privacy of the individuals with disabilities who reside in the monitored program.

IV. Access to Individuals with Developmental Disabilities.

A. DRW staff will be provided access to their clients in the same manner as such access is provided to privately retained and/or court appointed attorneys. DDA shall assist and support the professional relationship between DRW and its clients. Written consent for such access is not required.

B. DRW recognizes that all individuals with developmental disabilities have the right to refuse to talk with DRW, to have a third party present during the interview or to reschedule the appointment for a more convenient time. DRW shall advise their clients and other individuals with developmental disabilities with whom they have contact of these rights before each meeting. A person who does not wish to talk with DRW staff shall be allowed to communicate this directly and privately to DRW staff unless he or she overtly manifests fear of being alone with the DRW staff. When the individual with a developmental disability overtly manifests such fear by words or behavior, DRW shall respect that persons desires and not meet alone with that person.

C. DRW will encourage its clients and other individuals with developmental disabilities to notify DDA and/or providers of complaints regarding DDA services and to resolve those complaints through any existing dispute resolution process.

D. DRW staff shall comply with all safety and security requirements of DDA. DDA will communicate these requirements to DRW staff.

E. DDA employees shall not interfere with DRW staff in obtaining a private space for meetings between DRW staff and individuals with developmental disabilities. Private space does not mean a common area room or other location which would afford other residents and DDA employees open access to DRW employees in living areas or on the grounds. DDA employees shall respect the confidentiality needs of the individual with a developmental disability and DRW. Where an individual with a developmental disability indicates that he or she does not want to meet in a private space, DRW staff will respect this request.

F. DRW staff will not be required to schedule visits with DDA employees in advance of their visits. However, DRW staff may contact DDA employees to do so if access to a DRW client or other individual with a developmental disability will be facilitated due to the individual's daily activities.

G. DRW staff shall have the right to unaccompanied access to any SOLA or program staffed by DDA employees, and access to any individual DRW client or DD consumer they are authorized to serve, subject to the following limitations:

(1) While DRW need not notify the DDA employees prior to meeting with its client or DDA consumer, DRW agrees not to disturb a client or DDA consumer if the DRW employee arrives at the residence or other building in which the client or DDA consumer is served and the client or DDA consumer is engaged in regularly scheduled program activity. In such case, DRW staff will be to observe or otherwise verify the programming without disturbing it. If DRW staff presence disturbs or is objected to by the DRW client or any other DDA consumer who is present, DRW staff shall make arrangements to meet with the DRW client or DDA consumer at a later time. Where consulted prior to making an appointment, DDA employees will cooperate with DRW staff in making scheduling arrangements. The DRW employee shall not disturb nor interrupt the activity. If the activity is confidential, DRW shall obtain the client or DDA consumer's permission to observe the activity or shall respect the client or DDA consumer's right to privacy. DRW staff will then either wait until the activity is completed or reschedule the visit at a time that is mutually agreeable to DRW staff and its individual client or DDA consumer, no later than 48 hours later.

(2) If the DRW employee arrives for a meeting with a client or DDA consumer and the individual is actively aggressive, in programming to address this behavior, or receiving "one-to-one" supervision, in such a situation, DRW staff will be permitted to observe the individual from a safe distance or otherwise verify that the individual is actively aggressive. DRW staff will, then either:

(a) wait until the individual's aggressive behavior has stopped and be permitted to meet with the individual privately while DDA employees remain in viewing distance; unless such distance would place the individual with developmental disabilities at serious risk of harm based on that individual's documented behavioral issues; if the individual would be at serious risk of harm, DRW and DDA shall work cooperatively to address DRW need for confidentiality with the individual's need for safety; provided that any such interview does not interfere with the individual's Behavior Support Program, Individual Program Plan, Individual Service Plan, or other program plan, nor interfere with staffing needs for other individuals with developmental disabilities; or

(b) reschedule the visit at a time mutually agreeable to DRW and DDA employees, but no later than forty-eight (48) hours;

(c) if the DRW staff is notified that an individual is either actively aggressive or receiving one-to-one supervision and if knowing this the staff chooses to meet with the individual, DRW agrees to release, indemnify, and hold DDA, DSHS, the State and its employees, agents, officers, and servants harmless for any injuries that occur from any claims or cause of action asserted by any DRW employee or agent who is injured as a result of any act committed by an individual with developmental disabilities except that those circumstances where DDA employees willful misconduct is the proximate cause of the injury to DRW employee or agent. DRW agrees that its staff shall sign a statement to this effect prior to requesting to meet with any such individual. If the DRW staff refuses to sign such an agreement, DDA employees may deny the DRW staff access to the individual until such time as DDA employees determine that safety to the DRW staff is no longer an issue. When a DRW staff member elects to meet with an individual who is actively aggressive, it is neither negligent nor willful misconduct for a state employee to allow the meeting to take place.

H. All individuals with developmental disabilities who wish to contact DRW staff shall be provided uncensored access to writing materials, DRW address and toll-free telephone number, a stamped envelope, and/or access to a telephone for private conversations without monitoring by or permission from DDA employees.

I. SOLAs and programs staffed by DDA employees shall permit individuals with developmental disabilities to set appointments with DRW staff at times agreeable to both the individual with a developmental disability and DRW staff. If the DDA employees know that a meeting with a DDA consumer will be disruptive of the DDA consumer's regular program activity, DRW staff shall be informed of this and allowed to reschedule the appointment in order to meet with the DDA consumer so that the appointment does not disrupt his or her regular activity.

V. Access to Records of Individuals with Developmental Disabilities.

A DRW has access to records as provided in 42 U.S.C. § 6042, et. seq. DRW has legal authority to review an individual with developmental disabilities' records only when there is consent or, if a DDA consumer is unable to consent, there is a complaint or probable cause to believe a DDA consumer has suffered abuse or neglect. DRW has no general right to review records except in these circumstances.

B. Upon receiving a valid, written consent, DDA will have 48 hours in which to schedule an appointment with DRW so that it may come to the record location to review specified records. DDA will verify that DRW has received consent to view such records, or if the DDA consumer is unable to consent and there is no

guardian to consent, that there is a complaint or probable cause to believe, the DDA consumer has suffered abuse or neglect. DDA shall make the requested records within its possession available within five working days from the date the request is made.

C. DRW may access records of:

(1) any DDA consumer if he or she consents, or if he or she has a legal guardian with the power to consent for the DDA consumer and that guardian consents;

a) the DDA consumer or guardian shall give written authorization for access on a form approved by DRW and DDA jointly.

(2) any DDA consumer:

a) who by reason of his or her mental or physical condition is unable to authorize DRW to have access to their records;

b) who does not have a legal guardian, conservator or other legal representative, or for whom the legal guardian is the state; and

c) with respect to whom a complaint has been received by DRW or with respect to whom, as a result of monitoring or other activities there is probable cause to believe that such individual has been subject to abuse or neglect.

d) If records are requested pursuant to this section, the request shall be in writing and will state that the resident, by reason of his or her mental or physical condition is unable to authorize DRW to have access to his or her records, does not have a legal representative, and that a complaint has been received by DRW with, respect to the DDA consumer or that there is probable cause to believe the resident has been subjected to abuse or neglect. The DDA case manager will make a determination regarding whether a DDA consumer is able to consent to access within 3 working days, except in case of an emergency.

(3) In the case of a resident who has a legal guardian, and upon request by DRW, DDA will provide DRW with the name, address and telephone number of the legal guardian by 5 p.m. the next business day so that DRW can contact such representative and offer its assistance. If the guardian has been contacted by DRW and failed or refused to act on behalf of the individual DRW has received a complaint sufficiently that sufficiently identifies the individual or DRW has probable cause to believe that the health or safety of the individual is in serious and immediate jeopardy, DRW shall obtain court approval for such access.

a) If a guardian refuses to consent to allow DRW access to records, and DRW still wants access, DRW will file a lawsuit to access the records and allow a court to determine whether the guardian has failed or refused to act on behalf of the DDA consumer. DRW agrees to provide legal notice to DDA of any such proceeding. If the guardian refuses to provide written consent for DRW to access the records, DDA shall not make the records available absent a court order.

b) DRW shall attempt to contact the guardian to obtain consent. Unless an emergency exists, then DRW shall contact the standby guardian if one has been designated. If no standby guardian is appointed and the guardian is unavailable, and DRW determines that the DDA consumer is at risk of serious injury or death, DDA shall make the records available to DRW to review.

D. DRW staff may review the requested records within normal business hours in the building or room in which such records are provided. A DDA employee may remain in the room while the records are viewed. Under no circumstances may DRW staff remove the original records, or any part thereof, from the room where they are viewed.

E. DRW agrees to reimburse DDA for the costs of copies at the same rate charged for public disclosure requests, currently \$.15 per page. When feasible, copies will be provided on the day the copies are requested. If that is not possible, DDA will make the copies available within 10 days of the request.

F. DRW shall request a guardian information or access to DDA consumer records of the DDA Regional Administrator of the region in which the DDA consumer resides. Thereafter, their contact regarding that DDD consumer shall be the regional administrator, or his or her designee. DDA shall provide DRW a list with contact information for purposes of access to records. DDA agrees to update that list at least annually.

G. In order to access DDA records, DRW will send a written request directly to the DDA Regional Administrator or designee in custody of the records. In the request, DRW will identify the individual whose records it seeks. DRW need not identify the individual by name, but must sufficiently identify the individual so that the person reviewing the request can determine whose records are being sought. DRW will specify which records it wants and for which time periods. DRW will also indicate that it has received a complaint concerning the individual so that it has probable cause to believe the individual has suffered abuse or neglect. DRW need not further specify the nature of the complaint nor who made the complaint.

H. In the event DDA denies access to records pursuant to a request, DRW staff may request that the denial be in writing and include the reason for the denial.

I. DRW will limit its request to records it considers necessary to accomplish its investigation. DDA may request that DRW specifically identify the records that it is seeking if the request is too broad or voluminous.

VI. Outreach.

A. All individuals with developmental disabilities shall have access to DRW staff for the purpose of obtaining information about their legal rights and self-advocacy. DRW staff shall be allowed to engage in informal discussions with DDA consumers who wish to speak to them out of the presence of DDA employees in an area that affords privacy.

B. DRW may have regularly scheduled information/training sessions for DDA consumers and parents/guardians/family members regarding DRW's services and individual rights. DDA employees may attend outreach and scheduled information sessions only with advance written permission of DRW staff.

C. DDA agrees to give DRW a list of all current DDA consumers and their addresses. DDA will provide DRW an updated list annually.

D. DDA agrees to provide DDA consumers with notice of DRW services at the time of application for DDA services. DRW will provide DDA with copies of their brochure and/or any other information they want DDA to distribute at that time.

E. DDA agrees to require contractors to comply with 42 U.S.C. §6000 et seq. and 45 C.J.F.R. Parts 1385-86 by including the requirement in contracts. Current contracts will be amended to include this requirement when they are renewed.

VII. Authority to Investigate Allegations of Abuse and Neglect

A. DRW shall have unaccompanied reasonable access to DDA consumers and facilities when necessary to conduct a full investigation of an incident of abuse or neglect. This access shall include the opportunity to interview any individual with a developmental disability, any DDA or provider employee, or any other person who might be reasonably believed by DRW to have knowledge of the incident under investigation; and to review what DRW is entitled to review pursuant to this agreement. DRW shall be permitted to do its own investigation of allegations of abuse or neglect regardless of any pending action or investigation by the State or any other individual or entity.

B. DRW investigations shall not interfere with any other ongoing investigation. DRW employees shall not visit areas at times that would violate any person's right to privacy.

C. DDA shall allow and encourage all employees and providers to talk openly with DRW, employees. DRW will not ask staff to disrupt their work schedules or responsibilities to talk with DRW. Except in cases of emergency, DRW will schedule appointments with staff in advance.

D. While DDA and provider employees shall be encouraged to cooperate with DRW, employees have the right to refuse to talk with DRW. DRW shall notify employees of that right prior to any attempt to interview them.

E. Any complaint concerning DRW staff shall, be immediately brought to the attention of the DRW Executive Director or his or her designee. Upon receipt of a complaint, the DRW Executive Director or his or her designee shall conduct an investigation and submit a written response to the State within fourteen (14) days in an effort to resolve any complaints as expeditiously as possible. DDA reserves the right to file formal charges if the behavior places a DDA consumer's health or safety at risk.

F. DRW shall inform DDA and providers, in writing, of its findings and concerns upon completion of any investigation activity undertaken pursuant to its authority under 42 U.S.C. § 6000 *et. seq.*, and the access rights granted to DRW in this agreement, in an effort to resolve DDA consumer complaints or concerns prior to commencing litigation, unless DRW believe that such delay would result in serious injury or harm to the DDA consumer

VIII. Implementation of the Agreement.

A. The DDA Assistant Secretary shall ensure that each supervisor will conduct an annual meeting with his or her staff to provide information regarding the parties' rights and responsibilities under this agreement. The DDA Assistant Secretary shall ensure that each employee of DDA has read and signed a copy of a form indicating that they have read this agreement at the time of hire, and at the time of his/her annual evaluation. DDA and DRW shall develop a mutually agreed to summary of this agreement for use in informing DDA employees of the parties, rights and responsibilities. When DDA and DRW develop and agree regarding the content of this summary, DDA employees shall be required to read the summary, rather than reading this agreement, and acknowledge that they read and understood the summary with a signature.

B. The agreement is effective as of the date it is signed.

C. DDA agrees that having an agreement in place that would govern DRW and DDA provider relationships is appropriate. This agreement will affect contractual relationships, so it will be negotiated with providers prior to implementation. This negotiation will take place during the 1997-1998 provider contract negotiations. DDA will request DRW review the proposed contract language prior to contract signing by DDA. The goal of this negotiation process will be to arrive at an agreement which implements the federal statutory and regulatory requirements in a manner consistent with the provision of quality, individualized services and supports to people with developmental disabilities living in the community.

D. The DDA Assistant Secretary will make changes as necessary to implement this agreement by September 1, 1997, and prior to implementing changes will confer with DRW.

E. DRW and DDA agree to work together to assist providers in becoming familiar with DRW access to programs. DDA agrees to host a forum in each region to familiarize providers with the access provisions. DRW agrees to make staff available as presenters at regional forums, and otherwise as mutually agreed to with providers. DDA will distribute to providers a summary of the access provisions. This summary will be prepared by DRW, and will be subject to the review and approval of DDA prior to distribution.

IX. Miscellaneous.

A. DRW agrees that its staff shall not give medical advice and shall not engage in the practice of medicine. It is DRW intent and purpose to give legal advice. For example, DRW will not tell DDA consumers not to take medication or that medications are wrong for them DRW will not discourage individuals with developmental disabilities from participating in programs or activities. DRW may explain DDA consumer legal rights including the right to informed consent, their right to be told of the risks and benefits of medication or medical procedures, their right to refuse to take medications and the procedure to follow if the DDA consumer does not wish to take medications, and their right to refuse to participate in experimental programs or research, all as guaranteed under state and federal law.

B. DRW agrees that: there are some DDA consumers who are identified as medically fragile or to have behavioral concerns that require constant monitoring. If DRW requests a meeting with such a DDA consumer and DDA determines that the DDA consumer cannot be left unsupervised with a DRW employee, a DDA or provider employee shall be present during any meetings. If DDA consumers are hospitalized due to medical conditions, DDA or provider employees may remain within viewing distance if necessary for the DDA consumer's health and safety. The employees will not interfere with the meeting except for medical reasons and will respect the DDA consumer's privacy to the extent possible given his or her medical needs.

C. This agreement delineates the usual process by which DRW and DDA will work together. In some situations, it may be necessary to amend these procedures. DRW and DDA may agree to modify these procedures as necessary for any particular situation,

X. Dispute Resolution.

A. DRW and DDA agree that informal resolution of disputes is preferred. If DRW staff and the DDA Regional Administrator or designee are unable to agree about an issue regarding interpretation or application of this agreement, they will request the DRW Executive Director and the DDA Assistant Secretary review the situation and attempt to resolve the disagreement.

B. The Directors Meeting and Mediation process are mandatory for both parties. The only exception to this term of the agreement is where DRW, in good faith, has probable cause to believe that there are exigent circumstances

warranting immediate access. Such circumstances are defined as "emergencies" as defined in the access agreements. In such cases, the DRW Executive Director or his or her designee shall contact the DDA Assistant Secretary or his or her designee; and/or Office of the Attorney General to attempt to resolve the dispute. If the exigent access dispute is not resolved by the end of the following business day, DRW may immediately take any necessary legal action, including seeking a temporary restraining order and preliminary injunction or an order to show cause in order to secure the necessary access without going through the ADR process discussed herein. When DRW does take such action, it shall give the Office of the Attorney General advance notice of such action by telephone and facsimile.

C. In the event that there is an access dispute regarding any aspect of the Access Agreements between DRW and DDA (Community), the aggrieved party shall send written notice to the director of the other party (e.g. DRW Executive Director, DDA Assistant Secretary, or their designees) of the dispute and the desire to meet to attempt to resolve the dispute. The DDA Assistant Secretary (or his/her designee) shall meet with the DRW Executive Director (or his/her designee) within ten days after receiving written notice from, the aggrieved party. The date of receipt of notice shall be in accordance with Civil Rule .6 of the Washington Court Rules. The meeting may take place in person or telephonically. The parties have the right to bring their counsel to the directors meeting, however it is the preference of the parties not to have their counsel present. In the event a party intends to have his or her counsel present, that party will advise the other party of this intent in advance of the meeting. However, when either director (or his or her designee) is an attorney, it will be understood and expected that the other director may have his or her attorney present without prior notice.

D. In the event that the access issues are not resolved by a meeting between the Director/CEO and Executive Director of DRW or their designees, the parties agree to attempt to resolve the dispute through mediation absent exigent circumstances as described in paragraph 1. An available mediator from the mutually agreed upon Mediator Panel list as described below will be used to conduct the mediation.

Mediation will be scheduled to occur as soon as possible following the directors meeting, but will occur no later than 30 days from the time mediation is agreed upon by the parties, absent written, agreement by both parties to extend this timeline. The mediation may take place telephonically or in any manner the mediator believes will be efficient and conducive to a productive mediation. If, at any time during the mediation, either party declares an impasse, the mediation will end. The parties are then encouraged, but not required, to arbitrate the dispute. The costs of mediation shall be borne equally by the parties. If no litigation results within 90 days of the completion of mediation, DRW shall withdraw its access request. Nothing, however, prevents DRW from renewing its request in the future should that become necessary. In such event DRW renews the request, and that request is denied by the State, the ADR process will begin again.

E. Within 90 days of the execution of this agreement, the parties shall select a panel of at least 4 mutually agreeable mediators. There will be two separate lists: one for DRW and DDA and one for DRW and the MHD. The parties agree that any

one of the selected panel members will mediate all disputes related to the Access Agreement. However, the parties will rotate the order of contacting the panel members for each mediation in a nonstrategical manner.

In order to select this panel, within 60 days of execution of this agreement the parties will each propose at least 4 mediators. The parties will exchange, via fax, their list of proposed mediators and the mediators' curriculum vitae and any other necessary facts such as cost, mediation rules, etc. If the parties cannot agree upon at least 4 mediators from, the first exchange of lists, the parties will exchange additional lists of mediators until an agreement can be reached. However, a final agreement must be reached no later than 90 days from the date of the settlement agreement of this case absent written agreement for an extension of a specific amount of time.

Any party may strike a mediator from the list except that a party may not strike a mediator from the panel once the mediation process has been initiated to resolve a dispute. If a party strikes a mediator from the panel, that mediator will be replaced by another mediator using the same mediator selection process as described above.

F. In the event that the access issues are not resolved through mediation, the parties may agree to attempt to resolve the dispute through arbitration. Written agreement to proceed to arbitration must be made within five working days of the completion of mediation described in Section B. An available arbitrator from the mutually agreed upon Arbitrator Panel list, as described below, will be used to conduct the arbitration of the dispute. Arbitration will be scheduled to occur as soon as possible, but will occur no later than 45 days from the time arbitration is agreed upon by the parties, absent written agreement by both parties to extend this timeline. Prior to the time of final agreement to arbitrate the dispute, the parties shall agree in writing whether the arbitration decision will be binding or advisory, and if advisory, whether that option is admissible in court. If no litigation results within 90 days of the completion of this arbitration, DRW shall withdraw its access request. Nothing, however, prevents DRW from renewing its request in the future should that become necessary. In such event that DRW renews its request, and that request is denied by the State, the ADR process will begin

G. Within 120 days of the execution of this agreement, the parties shall select a panel of at least 4 mutually agreeable arbitrators. The parties agree that any one of the selected panel members will arbitrate all disputes related to the Access Agreement. However, the parties will rotate the order of contacting the panel members for each arbitration in a nonstrategical manner.

In order to select this panel, within 60 days of the execution of this agreement the parties will each propose at least 4 arbitrators. The parties will exchange, via fax, their list of proposed arbitrators and the arbitrators' curriculum vitae and any other necessary facts such as cost, etc. If the parties cannot agree upon at least 4 arbitrators from the first exchange of lists, the parties will exchange additional lists of arbitrators until an agreement can be reached. However, a final agreement must be reached no later than 120 days from the date of the settlement

ATTACHMENT H: CONFIDENTIALITY AND DATA SECURITY

Definitions. The words and phrases listed below, as used in this Contract, shall each have the following definitions:

1. **“AES”** means the Advanced Encryption Standard, a specification of Federal Information Processing Standards Publications for the encryption of electronic data issued by the National Institute of Standards and Technology (<http://nvlpubs.nist.gov/nistpubs/FIPS/NIST.FIPS.197.pdf>)
2. **“Authorized User(s)”** means an individual or individuals with a business need to access DSHS Confidential Information, and who has or have been authorized to do so.
3. **“Category 4 Data”** is data that is confidential and requires special handling due to statutes or regulations that require especially strict protection of the data and from which especially serious consequences may arise in the event of compromise of any such data. For purposes of this contract, data classified as category 4 refers to data protected by:
 - Health Insurance Portability and Accountability Act (HIPPA).
4. **“Cloud”** means data storage on servers hosted by an entity other than the Contractor and on a network outside the control of the Contractor. Physical storage of the data in the cloud typically spans multiple servers and often multiple locations. Cloud storage can be divided between consumer grade storage for personnel files and enterprise grade for companies and governmental entities. Examples of consumer grade storage would include iCloud, Dropbox, Box.com, and many other entities. Enterprise cloud vendors include Microsoft Azure, Amazon Web Services, O365, and Rackspace.
5. **“Confidential Information”** means information that is exempt from disclosure to the public or other unauthorized persons under RCW 42.56 or other federal or state laws. Confidential information includes, but is not limited to, Personal Information.
6. **“Encrypt”** means to encode Confidential Information into a format that can only be read by those possessing a “key”; a password, digital certificate or other mechanism available only to authorized users. Encryption must use a key length of at least 256 bits (for symmetric keys) or 2048 bits for asymmetric keys. When a symmetric key is used, the Advanced Encryption Standard (AES) must be used if available.
7. **“Hardened Password”** means a string of at least eight characters containing at least three of the four following character classes: Uppercase alphabetic, lowercase alphabetic, numeral and special

characters such as an asterisk, ampersand or exclamation point.

8. **“Mobile Device”** means a computing device, typically smaller than a notebook, which runs a mobile operating system, such as iOS, Android, or Windows Phone. Mobile Devices include smart phones, most tablets and other form factors.
9. **“Multi-factor Authentication”** means controlling access to computers and other IT resources by requiring two or more pieces of evidence that the user is who they claim to be. These pieces of evidence consist of something the user knows, such as a password or PIN; something the user has such as a key card, smart card, or physical token; and something the user is, a biometric identifier such as a fingerprint, facial scan, or retinal scan. “PIN” means a personal identification number, a series of numbers which act as a password for the device. Since PINs are typically only four to six characters, PINs are usually used in conjunction with another factor of authentication, such as a fingerprint.
10. **“Personal Information”** means information identifiable to any person, including, but not limited to, information that relates to a person’s name, health, finances, education, business, use or receipt of governmental services or other activities, addresses, telephone numbers, Social Security Numbers, driver’s license numbers, other identifying numbers, and any financial identifiers.
11. **“Portable Device”** means any computing device with a small form factor, designed to be transported from place to place. Portable devices are primarily battery powered devices with a base computing resources in the form of a processor, memory storage, and network access. Examples include, but are not limited to, mobile phones, tablets and laptops. Mobile Device is a subset of Portable Device.
12. **“Portable Media”** means any machine-readable media that may routinely be stored or moved independently of computing devices. Examples include magnetic tape, optical discs (CDs or DVDs), flash memory (thumb drive) devices, external hard drives, and internal hard drives that have been removed from a computing device.
13. **“Physically Secure”** means that access is restricted through physical means to authorized individuals only.
14. **“Secure Area”** means an area to which only authorized representatives of the entity possessing the Confidential Information have access, and access is controlled through the use of a key, card key, combination lock, or comparable mechanism. Secure Areas may include buildings, rooms, or locked storage containers (such as a filing cabinet or desk drawer) within a room, as long as access to Confidential Information is not

available to unauthorized personnel. In otherwise Secure Areas, such as offices with restricted access, the Data must be secured in such a way as to prevent access by non-authorized staff such as janitorial or facility security staff, when authorized Contractor staff are not present to ensure non-authorized staff cannot access it.

15. **“Tracking”** means a record keeping system that identifies when the sender begins delivery of Confidential Information to the authorized and intended recipient, and when the sender receives confirmation of delivery from the authorized and intended recipient of Confidential Information.
16. **“Trusted Network”** means a network operated and maintained by the Contractor, which includes security controls sufficient to protect DSHS/County Data on that network. Controls would include a firewall between any other networks, access control lists on networking devices such as routers and switches, and other such mechanisms which protect the confidentiality, integrity, and availability of the Data.
17. **“Trusted Systems”** include only the following methods of physical delivery: (1) hand-delivery by a person authorized to have access to the Confidential Information with written acknowledgement of receipt; (2) United States Postal Service (“USPS”) first class mail, or USPS delivery services that include Tracking, such as Certified Mail, Express Mail or Registered Mail; (3) commercial delivery services (e.g. FedEx, UPS, DHL) which offer tracking and receipt confirmation; and (4) the Washington State Campus mail system. For electronic transmission, the Washington State Governmental Network (SGN) is a Trusted System for communications within that Network
18. **“Unique User ID”** means a string of characters that identifies a specific user and which, in conjunction with a password, passphrase or other mechanism, authenticates a user to an information system.

1. Administrative Controls.

- a) A documented security policy governing the secure use of its computer network and which defines sanctions that may be applied to the Contractor staff for violating that policy.
- b) If the data is shared under this agreement is classified as Category 4 data, the Contractor must be aware of and compliant with the applicable legal or regulatory requirements for the Category 4 data.
- c) If confidential information shared under this agreement is classified as Category 4 data, the contractor must have a documented risk assessment for the system(s) housing the Category 4 Data.

2. Authorization, Authentication, and Access. In order to ensure that access to

the Data is limited to authorized staff, the Contractor must:

- a. Have documented policies and procedures governing access to systems with the shared Data.
- b. Restrict access through administrative, physical, and technical controls to authorized staff.
- c. Ensure that the user accounts are unique and that any given user account logon ID and password combination is known only to the employee to whom the account is assigned. For purposes of non-repudiation, it must always be possible to determine which employee performed a given action on the system housing the Data based solely on the logon ID used to perform the action.
- d. Ensure only authorized users are capable of accessing the data.
- e. Ensure that an employee's access to the Data is removed immediately:
 - (1) Upon suspected compromise of the user credentials.
 - (2) When their employment or the contract under which the data is made available to them, is terminated.
 - (3) When they no longer need access to the Data to fulfill the requirements of the contract.
- f. Have a process to periodically review and verify that only authorized users have access to systems containing DSHS/County Confidential Information.
- g. When accessing the Data from within the Contractor's network (the Data stays within the Contractor's network at all times), enforce password and logon requirements for users with the contractor's network including:
 - (1) A minimum of 8 characters and containing at least three of the following classes: uppercase letters, lowercase letters, numerals, and special characters such as an asterisk, ampersand, or exclamation point.
 - (2) That a password does not contain a user's name, logon ID, or any form of their full name.
 - (3) That a password does not consist of a single dictionary word. A password may be formed as a passphrase, which consists of multiple dictionary words.
 - (4) That passwords are significantly different from the previous

four passwords. Passwords that increment by simply adding a number are not considered significantly different.

- h. When accessing Confidential Information from an external location (the Data will traverse the Internet or otherwise travel outside the Contractor's network), mitigate risk and enforce password and logon requirement for users by employing measures including:
 - (1) Ensuring mitigations applied to the system do not allow end-user modification.
 - (2) Not allowing the use of dial-up connections.
 - (3) Using industry standard protocols and solutions for remote access. Examples include but are not limited to RADIUS Microsoft Remote Desktop (RDP) and Citrix.
 - (4) Encrypting all remote access traffic from the external workstation to a Trusted Network or to a component within the Trusted Network. The traffic must be encrypted at all times while traversing any network, including the internet, which is not a Trusted Network.
 - (5) Ensuring that the remote access system prompts for re-authentication or performs automated session termination after no more than 30 minutes of inactivity.
 - (6) Ensuring use of a Multi-Factor Authentication to connect from the external end point to the internal endpoint.
- i. Passwords or PIN codes may meet a lesser standard if used in conjunction with another authentication mechanism, such as a biometric (fingerprint, facial recognition, iris scan) or token (software, hardware, smart card, etc.) in that case:
 - (1) The PIN or password must be at least 5 letters or numbers used in conjunction with at least one other authentication factor;
 - (2) Must not be comprised of all the same letter or number (11111,22222, aaaaa would not be acceptable).
 - (3) Must not contain a run of three or more consecutive numbers (12398, 98743 would not be acceptable)
- j. If the contract specifically allows for storage on a Mobile Device, passcodes for the device must:

- (1) Be a minimum of six alphanumeric characters
- (2) Contain at least three unique character classes (upper case letter, lower case letter, number).
- (3) Not contain more than a three consecutive character run. Passwords consisting of 12345, or abcd12 would not be acceptable.

k. Render the device unusable after a maximum of 10 failed logon attempts.

Confidentiality.

- **The Contractor shall not use, publish, transfer, sell or otherwise disclose any Confidential Information gained by reason of this Contract for any purpose that is not directly connected with Contractor's performance of the services contemplated hereunder, except:**
 - as provided by law; or,
 - in the case of Personal Information, with the prior written consent of the person or personal representative of the person who is the subject of the Personal Information.
- **Ensure the security of Confidential Information transmitted via fax (facsimile) by:**
 - Verifying the recipient phone number to prevent accidental transmittal of Confidential Information to unauthorized persons.

Data Transport:

1. Paper Documents: Send paper documents containing Confidential Information via a Trusted System.

Protection of Data. The Contractor agrees to store data on one or more of the following media and protect the data as described. Electronic data can be on desktops, laptops, and other portable devices, servers and external media:

1. **Hard disk drives.** For Data stored on local workstation hard disks, access to the data will be restricted to Authorized Users by requiring logon to the local workstation using a unique user ID and hardened password or other authentication mechanisms which provide equal or greater security, such as biometrics or smart cards.

2. **Network server disks.** For Data stored on hard disks mounted on network servers and made available through shared folders, access to the data will be restricted to authorized users through the use of access control lists which will grant access only after the authorized user has authenticated to the network using a unique user ID and hardened password or other authentication mechanisms which provide equal or greater security, such as biometrics or smart cards. Data on disks mounted to such servers must be located in an area which is accessible only to authorized personnel, with access controlled through use of a key, card key, combination lock, or comparable mechanism.

For DSHS/County confidential data stored on these disks, deleting unneeded data is sufficient as long as the disks remain in a secured area and otherwise meets the requirements listed in the above paragraph. Destruction of the data as outlined in Section 11. Data Disposition may be deferred until the disks are retired, replaced, or otherwise taken out of the secured area.

3. **Optical discs (CDs or DVDs) in local workstation optical disc drives.** Data provided by DSHS on optical discs which will be used in local workstation optical disc drives and which will not be transported out of a secured area. When not in use for the contracted purpose, such discs must be stored in a Secure Area. Workstations which access DSHS/County data on optical discs must be located in an area which is accessible only to authorized personnel, with access controlled through use of a key, card key, combination lock, or comparable mechanism.
4. **Optical discs (CDs or DVDs) in drives or jukeboxes attached to servers.** Data provided by DSHS on optical discs which will be attached to network servers and which will not be transported out of a secure area. Access to data on these discs will be restricted to authorized users through the use of access control lists, which will grant access only after the authorized user has authenticated to the network using a unique user ID and hardened password or other authentication mechanisms which provide equal or greater security, such as biometrics or smart cards. Data on discs attached to such servers must be located in an area which is accessible only to authorized personnel, with access controlled through use of a key, card key, combination lock, or comparable mechanism.
5. **Paper documents.** Any paper records must be protected by storing the records in a secure area which is only accessible to authorized personnel. When not in use, such records must be stored in a Secure Area.
6. **Data storage on portable devices or media.**
 - A) Except where otherwise specified herein, DSHS/County data shall not be stored by the Contractor on portable devices or media unless specifically authorized within the Terms and Conditions of the contract. If so authorized, the data shall be given the following protections:

- Encrypt the data.
 - Control access to devices with a unique user ID and hardened password or stronger authentication method, such as physical token or biometrics.
 - Manually lock devices whenever they are left unattended and set devices to lock automatically after a period of inactivity, if this feature is available. Maximum period of inactivity is 20 minutes.
- B) Apply administrative and physical security controls to Portable Devices and Portable media by:
- Keeping them in a Secure Area when not in use,
 - Using check-in/check-out procedures when they are shared; and
 - Taking frequent inventories.
- C) When being transported outside of a Secure Area, Portable Devices and Portable Media with confidential DSHS/County data must be under the physical control of Contractor staff with authorization to access the Data, even if the Data is encrypted.

7. Data Stored for Backup Purposes

- (1) DSHS/County data may be stored on Portable Media as part of a Contractor's existing documented backup process for business continuity or disaster recovery purposes. Such storage is authorized until such time as media would be reused during the course of normal backup operations. If backup media is retired while DSHS/County Confidential Information still exists upon it, such media will be destroyed at that time in accordance with Section 11. Data Disposition.
- (2) DSHS/County data may be stored in non-portable media (e.g. Storage Area Network drives, virtual media, etc.) as part of a Contractor's existing documented backup process for business continuity or disaster recovery purposes. If so, such media will be protected as otherwise described in this attachment. If this media is retired while DSHS Confidential Information still exists upon it, such media will be destroyed at that time in accordance with Section 11. Data Disposition.
8. **Cloud Storage.** DSHS Confidential Information requires protections equal to or greater than those specified elsewhere within this attachment. Cloud storage of data is problematic as DSHS/County nor the Contractor has control over the environment in which the data is stored. For this reason:

(1) DSHS/County Data will not be stored in any consumer grade Cloud solution, unless all of the following conditions are met:

- a) Contractor has written procedures in place governing the use of the Cloud storage and Contractor can attest to the contract listed in the contract and keep a copy of the attestation for your records in writing that all such procedures will be uniformly followed.
- b) The Data will be Encrypted while within the Contractor network.
- c) The Data will remain encrypted during transmission to the Cloud.
- d) The Data will remain encrypted at all times while residing within the Cloud Storage solution.
- e) The Contractor will possess a decryption key for the Data, and the decryption key will only be possessed by the Contractor.
- f) The Data will not be downloaded to non-authorized systems, meaning systems that are not on the contractor network.
- g) The Data will not be decrypted until downloaded onto a computer within the control of an Authorized User or within the contractor network.

(2) Data will not be stored on an Enterprise Cloud storage solution unless either:

- a) The Cloud storage provider is treated as any other Sub-contractor, and agrees in writing to all the requirements within this attachment; or,
- b) The Cloud storage solution used is HIPPA compliant.

(3) If the Data includes protected health information covered by the Health Insurance Portability and Accountability Act (HIPPA), the Cloud provider must sign a Business Associate Agreement prior to the data being stored in their Cloud solution.

9. **System Protection.** To prevent compromise of systems which contain DSHS/County Data or through which that Data passes:

- a. Systems containing DSHS/County data must have all security patches or hotfixes applied within three months of being made available.
- b. The Contractor will have a method of ensuring the requisite patches and hotfixes have been applied within the required timeframes.
- c. Systems containing DSHS/County Data shall have an Anti-Malware application, if available, installed.
- d. Anti-Malware software must be kept up to date. The product, its anti-virus engine and any malware database the systems uses, will be no more than one update behind current.

10. Data Segregation.

- DSHS/County category 4 data must be segregated or otherwise distinguishable from non-DSHS/County data. This is to ensure that when no longer needed by the Contractor, all DSHS/County data can be identified for return or destruction. It also aids in determining whether DSHS/County data has or may have been compromised in the event of a security breach. As such, one or more of the following methods will be used for data segregation:
 - DSHS/County data will be kept on media (e.g. hard disk, optical disc, tape, etc.) which will contain no non-DSHS/County data; and/or
 - DSHS/County data will be stored in a logical container on electronic media, such as a partition or folder dedicated to DSHS/County data; and/or
 - DSHS/County data will be stored in a database which will contain no non-DSHS/County data; and/or
 - DSHS/County data will be stored within a database and will be distinguishable from non-DSHS/County data by the value of a specific field or fields within database records; and/or
 - When stored as physical paper documents, DSHS/County data will be physically segregated from non-DSHS/County data in a drawer, folder, or other container.
- When it is not feasible or practical to segregate DSHS/County data from non-DSHS/County data, then both the DSHS/County data and the non-DSHS/County data with which it is commingled must be protected as described in this attachment.

11. Data Disposition. When the contracted work has been completed or when no longer needed, except as noted in **Protection of Data**, the Contractor will

certify in writing that the data stored on the media listed below was destroyed utilizing the approved methods outlined in the following table:

Data stored on:	Will be destroyed by:
Server or workstation hard disks or Removable media (e.g. floppies, USB flash drives, portable hard disks, Zip or similar disks), excluding optical discs	Using a "wipe" utility which will overwrite the data at least three (3) times using either random or single character data Degaussing sufficiently to ensure that the data cannot be reconstructed, or Physically destroying the disk
Paper documents with sensitive or confidential data	Recycling through a contracted firm provided the contract with the recycler assures that the confidentiality of data will be protected.
Paper documents containing confidential information requiring special handling (e.g. protected health information)	On-site shredding, pulping, or incineration
Optical discs (e.g. CDs or DVDs)	Incineration, shredding, or completely defacing the readable surface with a course abrasive
Magnetic tape	Degaussing, incinerating or crosscut shredding

12. Notification of Compromise or Potential Compromise. The compromise or potential compromise of DSHS/County shared data must be reported to the County within one (1) business day of discovery. The Contractor must also take action to mitigate the risk of loss and comply with any requirements imposed by law or DSHS/County.

In this exclusion, your work means:

C. Limit Of Insurance

Regardless of the number of covered "autos", "insureds", premiums paid, claims made or vehicles involved in the "accident", the most we will pay for the total of all damages and "covered pollution cost or expense" combined resulting from any one "accident" is the Limit Of Insurance for Covered Autos Liability Coverage shown in the Declarations.

All "bodily injury", "property damage" and "covered pollution cost or expense" resulting from continuous or repeated exposure to substantially the same conditions will be considered as resulting from one "accident".

No one will be entitled to receive duplicate payments for the same elements of "loss" under this Coverage Form and any Medical Payments Coverage endorsement, Uninsured Motorists Coverage endorsement or Underinsured Motorists Coverage endorsement attached to this Coverage Part.

SECTION IV – BUSINESS AUTO CONDITIONS

The following conditions apply in addition to the Common Policy Conditions:

A. Loss Conditions

1. Appraisal For Physical Damage Loss

If you and we disagree on the amount of "loss", either may demand an appraisal of the "loss". In this event, each party will select a competent appraiser. The two appraisers will select a competent and impartial umpire. The appraisers will state separately the actual cash value and amount of "loss". If they fail to agree, they will submit their differences to the umpire. A decision agreed to by any two will be binding. Each party will:

- a. Pay its chosen appraiser; and
- b. Bear the other expenses of the appraisal and umpire equally.

If we submit to an appraisal, we will still retain our right to deny the claim.

2. Duties In The Event Of Accident, Claim, Suit Or Loss

We have no duty to provide coverage under this policy unless there has been full compliance with the following duties:

- a. In the event of "accident", claim, "suit" or "loss", you must give us or our authorized representative prompt notice of the "accident" or "loss". Include:
 - (1) How, when and where the "accident" or "loss" occurred;

- (2) The "insured's" name and address; and
- (3) To the extent possible, the names and addresses of any injured persons and witnesses.

b. Additionally, you and any other involved "insured" must:

- (1) Assume no obligation, make no payment or incur no expense without our consent, except at the "insured's" own cost.
- (2) Immediately send us copies of any request, demand, order, notice, summons or legal paper received concerning the claim or "suit".
- (3) Cooperate with us in the investigation or settlement of the claim or defense against the "suit".
- (4) Authorize us to obtain medical records or other pertinent information.
- (5) Submit to examination, at our expense, by physicians of our choice, as often as we reasonably require.

c. If there is "loss" to a covered "auto" or its equipment, you must also do the following:

- (1) Promptly notify the police if the covered "auto" or any of its equipment is stolen.
- (2) Take all reasonable steps to protect the covered "auto" from further damage. Also keep a record of your expenses for consideration in the settlement of the claim.
- (3) Permit us to inspect the covered "auto" and records proving the "loss" before its repair or disposition.
- (4) Agree to examinations under oath at our request and give us a signed statement of your answers.

3. Legal Action Against Us

No one may bring a legal action against us under this Coverage Form until:

- a. There has been full compliance with all the terms of this Coverage Form; and
- b. Under Covered Autos Liability Coverage, we agree in writing that the "insured" has an obligation to pay or until the amount of that obligation has finally been determined by judgment after trial. No one has the right under this policy to bring us into an action to determine the "insured's" liability.

4. Loss Payment – Physical Damage Coverages

At our option, we may:

- a. Pay for, repair or replace damaged or stolen property;
- b. Return the stolen property, at our expense. We will pay for any damage that results to the "auto" from the theft; or
- c. Take all or any part of the damaged or stolen property at an agreed or appraised value.

If we pay for the "loss", our payment will include the applicable sales tax for the damaged or stolen property.

5. Transfer Of Rights Of Recovery Against Others To Us

If any person or organization to or for whom we make payment under this Coverage Form has rights to recover damages from another, those rights are transferred to us. That person or organization must do everything necessary to secure our rights and must do nothing after "accident" or "loss" to impair them.

B. General Conditions

1. Bankruptcy

Bankruptcy or insolvency of the "insured" or the "insured's" estate will not relieve us of any obligations under this Coverage Form.

2. Concealment, Misrepresentation Or Fraud

This Coverage Form is void in any case of fraud by you at any time as it relates to this Coverage Form. It is also void if you or any other "insured", at any time, intentionally conceals or misrepresents a material fact concerning:

- a. This Coverage Form;
- b. The covered "auto";
- c. Your interest in the covered "auto"; or
- d. A claim under this Coverage Form.

3. Liberalization

If we revise this Coverage Form to provide more coverage without additional premium charge, your policy will automatically provide the additional coverage as of the day the revision is effective in your state.

4. No Benefit To Bailee – Physical Damage Coverages

We will not recognize any assignment or grant any coverage for the benefit of any person or organization holding, storing or transporting property for a fee regardless of any other provision of this Coverage Form.

5. Other Insurance

- a. For any covered "auto" you own, this Coverage Form provides primary insurance. For any covered "auto" you don't own, the insurance provided by this Coverage Form is excess over any other collectible insurance. However, while a covered "auto" which is a "trailer" is connected to another vehicle, the Covered Autos Liability Coverage this Coverage Form provides for the "trailer" is:

- (1) Excess while it is connected to a motor vehicle you do not own; or
- (2) Primary while it is connected to a covered "auto" you own.

- b. For Hired Auto Physical Damage Coverage, any covered "auto" you lease, hire, rent or borrow is deemed to be a covered "auto" you own. However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto".

- c. Regardless of the provisions of Paragraph a. above, this Coverage Form's Covered Autos Liability Coverage is primary for any liability assumed under an "insured contract".

- d. When this Coverage Form and any other Coverage Form or policy covers on the same basis, either excess or primary, we will pay only our share. Our share is the proportion that the Limit of Insurance of our Coverage Form bears to the total of the limits of all the Coverage Forms and policies covering on the same basis.

6. Premium Audit

- a. The estimated premium for this Coverage Form is based on the exposures you told us you would have when this policy began. We will compute the final premium due when we determine your actual exposures. The estimated total premium will be credited against the final premium due and the first Named Insured will be billed for the balance, if any. The due date for the final premium or retrospective premium is the date shown as the due date on the bill. If the estimated total premium exceeds the final premium due, the first Named Insured will get a refund.
- b. If this policy is issued for more than one year, the premium for this Coverage Form will be computed annually based on our rates or premiums in effect at the beginning of each year of the policy.

7. Policy Period, Coverage Territory

Under this Coverage Form, we cover "accidents" and "losses" occurring:

- a. During the policy period shown in the Declarations; and
- b. Within the coverage territory.

The coverage territory is:

- (1) The United States of America;
- (2) The territories and possessions of the United States of America;
- (3) Puerto Rico;
- (4) Canada; and
- (5) Anywhere in the world if a covered "auto" of the private passenger type is leased, hired, rented or borrowed without a driver for a period of 30 days or less,

provided that the "insured's" responsibility to pay damages is determined in a "suit" on the merits, in the United States of America, the territories and possessions of the United States of America, Puerto Rico or Canada, or in a settlement we agree to.

We also cover "loss" to, or "accidents" involving, a covered "auto" while being transported between any of these places.

8. Two Or More Coverage Forms Or Policies Issued By Us

If this Coverage Form and any other Coverage Form or policy issued to you by us or any company affiliated with us applies to the same "accident", the aggregate maximum Limit of Insurance under all the Coverage Forms or policies shall not exceed the highest applicable Limit of Insurance under any one Coverage Form or policy. This condition does not apply to any Coverage Form or policy issued by us or an affiliated company specifically to apply as excess insurance over this Coverage Form.

An "insured contract" does not include that part of any contract or agreement:
