

Free Community Clean Water Event

July 30, 2026

6-8pm

Silverdale Waterfront Park

3337 NW Byron St

Silverdale, WA, 98383

Click here to comment on the draft SMAP!

cognitoforms.com/KitsapCounty1/StormwaterPublicComment

Learn more and see the County's draft Stormwater Management Action Plan (SMAP).

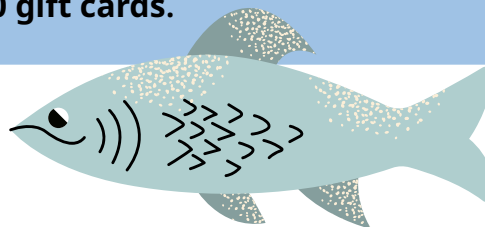

From **July 27th through August 28th**, you can share your feedback on the plan using our public comment form.

Please note that while all are welcome at the community event, the SMAP specifically refers to the **East Dyes Basin**, east of Dyes Inlet.

Join us at the beautiful Silverdale Waterfront Park Picnic Shelter to:

- ▶ Learn more about stormwater in your community and **why healthy waterways are important for healthy families and healthy ecosystems.**
- ▶ Hear directly from the Kitsap County Stormwater Division about how they're **improving local waterways.**
- ▶ **Share your input** about what's most important to you when it comes to clean water in your community.
- ▶ Enjoy fun, **family-friendly activities** including the "Poop Toss" game about keeping Kitsap's water clean.
- ▶ Enjoy **light snacks and drinks**, with vegetarian and gluten-free options available.

Anyone who takes time to share comments on the draft SMAP either online or in-person at the July 30 event can enter our raffle to win one of three \$50 gift cards.

To request interpretation services, email us at help@kitsap1.com or call **360.337.5777** by July 16th.
